

**ANALYSIS OF A PROPOSAL TO LAFCO**

TITLE: Eggleston/Amos Annexation

LAFCO NO.: 927

PROPOSAL: Annex to San Lorenzo Valley Water District

LOCATION: 185 Eggleston Lane, on south side of Quail Hollow Road, Felton  
APN 073-191-01 and 073-191-02

| <u>POLICIES AND STANDARDS</u>  | <u>FINDINGS AND DETERMINATIONS</u>   |
|--|--|
| <p><u>Santa Cruz LAFCO Policy 1.1 - Consistency With Spheres</u><br/>All changes of organization shall be consistent with adopted spheres of influence of affected agencies.</p>   |  |
| <p><u>Standard 1.1.1</u><br/>Consistency shall be determined by a LAFCO finding of consistency with the sphere of influence maps and policies adopted by LAFCO for the affected agencies.</p>  | <p>1.1.1 The proposal is within the adopted Sphere of Influence for the San Lorenzo Valley Water District.</p> |
| <p><u>Santa Cruz LAFCO Policy 1.2 - Need for Services</u><br/>Any proposal involving annexations, incorporations, and formations shall not be approved unless it demonstrates a need for the additional services to be provided to the area; while all proposals involving detachments, disincorporations, and dissolutions shall not be approved unless the proponent demonstrates that the subject services are not needed or can be provided as well by another agency or private organization.</p> |  |
| <p><u>Standard 1.2.1</u><br/>For proposals concerning cities, need shall be established by (a) an adopted rezoning, consistent with the city general plan, that shows current or future development at a density that will require urban services such as sanitary sewer and water, and (b) a city growth rate and pattern that the subject area will be developed within 5 years.</p>   | <p>1.2.1 Not applicable.</p>   |

| <u>POLICIES AND STANDARDS</u>  | <u>FINDINGS AND DETERMINATIONS</u>   |
|--|--|
| <p><u>Standard 1.2.2</u><br/> For proposals concerning water and sewer district annexations, need shall be established by lack of services to existing urban land uses, or a building permit application or allocation for a single-family dwelling or, for a larger project, by (a) a tentative or final land use entitlement (tentative subdivision map use permit, etc.) conditioned on obtaining water or sewer service and (b) a growth rate and pattern that the subject area will be developed within 5 years.</p>  | <p>1.2.2 The existing house at 185 Eggleston Lane has an inoperative well, and is being served by a temporary connection from the Quail Hollow Circle Mutual Water Company. The property needs a permanent water source for the house.</p> |
| <p><u>Standard 1.2.3</u><br/> For proposals concerning the extension of other services by annexation, incorporation, or district formation, need shall be established by the applicable general plan land use designations and the service levels specified for the subject area in the applicable general plan.</p> <p><u>Standard 1.2.4</u><br/> For proposals involving the discontinuation of services, lack of need shall be established by (a) no serious effects on the current users of the service due to discontinuation and (b) no projected serious effects on the uses that can be expected to occur in the next 5 years based upon the applicable general plan and projected growth rates and patterns.</p> <p><u>Standard 1.2.5</u><br/> In reviewing proposals, LAFCO shall consider: (1) the “population” in the proposal area to be the population recorded in the last biennial or special census unless the proponent or affected agency can present updated or more detailed information which LAFCO determines to be more accurate, (2) the “population density” to be the population divided by the acreage, and (3) the “per capita assessed valuation” to be the full cash value of all the property in a proposal area (as set by the last secured property tax roll) divided by the population.</p> | <p>1.2.3 Not applicable.</p> <p>1.2.4 Not applicable.</p> <p>1.2.5 The current population is 4 and the density is 11 people per acre. The per capita assessed valuation is \$147,398.</p>  |

POLICIES AND STANDARDS

Santa Cruz LAFCO Policy 1.3 - General Plan

In cases of overlapping plans, LAFCO shall make a determination of which general plan best carries out the policies of the Cortese-Knox-Hertzberg Local Government Reorganization Act.

Standard 1.3.1

Generally, LAFCO will presume to favor a city's general plan inside the sphere of influence adopted for the city by LAFCO, and the county's general plan elsewhere. It is the proponent's responsibility to prove any exception by referring to the policies of the Cortese-Knox-Hertzberg Local Government Reorganization Act.

Santa Cruz LAFCO Policy 1.4 - In-fill Development

In order to avoid further urban sprawl, LAFCO shall encourage in-fill development in urban areas and annexations of areas inside the city spheres of influence.

Santa Cruz LAFCO Policy 1.5 - Provision of Services

In order for LAFCO to approve a change of organization, the proponent shall demonstrate that the subject services can be provided on a timely manner and at a reasonable cost.

Standard 1.5.1

It is the general policy of the Commission to disapprove annexations to water and sewer agencies (including cities that provide either service) while there is a connection moratorium or other similar service limitation involving the subject water or sewer service. The Commission will consider exceptions to this general policy on a case-by-case basis. The Commission may approve an annexation that meets one or more of the following criteria:

- 1) To replace a private water source that has failed, such as a well that has gone dry. New service connections shall not be sized to accommodate more intensive development.

FINDINGS AND DETERMINATIONS

1.3.1 The site is not within any city sphere of influence. The County General Plan designates the property for rural residential uses (2 ½ to 20 acres per house). The County zoning is R-1-15, single-family use, 15,000 square foot minimum lot size).

1.5.1 There are no general service moratoria in the San Lorenzo Valley Water District.

POLICIES AND STANDARDS

2) To replace a septic system that has failed. New service connections shall not be sized to accommodate more intensive development.

3) To implement a transfer of service between two existing agencies in a manner that is consistent with the adopted Spheres of Influence of those agencies.

4) To change a boundary, in a manner consistent with an adopted Sphere of Influence, so that an agency boundary does not divide a property that could only be conveyed under a single deed . Between January 1, 1986 and the time the service limitation is totally lifted, the Commission shall limit the annexations so that the number of cumulative connections made under the above exemption criteria do not exceed 1% of the total agency's flow (as expressed in equivalent single family dwelling units) in service on January 1, 1986.

An additional criterion, not subject to the 1% cumulative impact limitation, is as follows:

5) To provide facilities or funding that will allow the agency to lift its service limitation.

Santa Cruz LAFCO Policy 1.6 - Staged Growth

For large projects the Commission shall encourage plans for staged growth.

Standard 1.6.1.

For proposals involving the extension of water, or general municipal services to proposal areas greater than 50 acres, the proponent shall either (a) plan staged growth beginning closest to an existing urban area or (b) demonstrate why such a plan does not promote urban sprawl and an inefficient pattern of services.

FINDINGS AND DETERMINATIONS

1.6.1 Not applicable: the site contains approximately 0.36 acres.

| <u>POLICIES AND STANDARDS</u>   | <u>FINDINGS AND DETERMINATIONS</u>  |
|---|---|
| <p><u>Santa Cruz LAFCO Policy 2.1 - Number of Agencies</u><br/>Proposals, where feasible, should minimize the number of local agencies and promote the use of multi-purpose agencies.</p> <p><u>Standard 2.1.1</u><br/>New or consolidated service shall be provided by one of the following agencies in the descending order of preference:<br/>-annexation to an existing city,<br/>-annexation to an existing district of which the Board of Supervisors is the governing body,<br/>-annexation to an existing multi-purpose district,<br/>-annexation to another existing district,<br/>-formation of a new county service area,<br/>-incorporation of a new city,<br/>-formation of a new multi-purpose district,<br/>-formation of a new single-purpose district.</p> <p><u>Standard 2.1.2</u><br/>The Commission will promote and approve district consolidations, where feasible.</p> <p><u>Santa Cruz LAFCO Policy 2.2 - Logical Boundaries</u><br/>LAFCO shall promote more logical agency boundaries.</p> <p><u>Standard 2.2.1</u><br/>To the greatest possible extent, boundaries shall follow existing political boundaries, natural features (such as ridges and water courses), and constructed features (such as railroad tracks).</p> <p><u>Standard 2.2.2</u><br/>Boundary lines shall be located so that entire road rights-of-way are placed within the same jurisdiction as the properties fronting on the road.</p> | <p>2.1.1 The proposal is priority #4 - annexation to an existing single-purpose district. No higher priority alternative is feasible to provide domestic water service to this site.</p> <p>2.1.2 There are no potential district consolidations associated with this proposal.</p> <p>2.2.1 There are no natural or constructed features that define an obvious water district boundary.</p> <p>2.2.2 The final annexation map should include the right-of-way of Quail Hollow Road in front of the annexing properties.</p> |

POLICIES AND STANDARDS

Standard 2.2.3

Boundaries should avoid dividing an existing identifiable community, commercial district, or other area having social or economic homogeneity. Where such divisions are proposed, the proponents shall justify exceptions to this standard.

Standard 2.2.4

The creation of boundaries that divide assessment parcels shall be avoided, wherever possible. If the proposed boundary divides assessment parcels, the proponent must justify to the Commission the necessity for such division. If the Commission approves the proposal, the Commission may condition the approval upon obtaining a boundary adjustment or lot split from a city or county.

FINDINGS AND DETERMINATIONS

2.2.3 At the hearing, the Commission will consider adding other residential properties on the south side of Quail Hollow Road to the annexation. The San Lorenzo Valley has a water main in Quail Hollow Road and could easily serve the houses on the south side of Quail Hollow Road between Eggleston Lane and the current district boundary near West Zayante Road.

2.2.4 The proposal will not divide an assessment parcel.

Standard 2.2.5

Boundaries should not be drawn so as to create an island or strip either within the proposed territory or immediately adjacent to it. Where such an island or strip is proposed, the proponent must justify reasons for nonconformance with this standard.

Standard 2.2.6

Where feasible, city and related district boundary changes should occur concurrently to avoid an irregular pattern of boundaries.

Standard 2.2.7

A map of any proposed boundary change shall show the present and proposed boundaries of all affected agencies in the vicinity of the proposal site. The Commission shall assure that any approved boundary changes are definite and certain. The Commission may approve a proposal conditioned on the proponent preparing a new boundary map and description.

2.2.5 The proposed boundary would not create an island or a strip.

2.2.6 All applicable district boundary adjustments are included in the proposal.

2.2.7 The proposed map is definite and certain.

| <u>POLICIES AND STANDARDS</u>  | <u>FINDINGS AND DETERMINATIONS</u>   |
|--|--|
| <p><u>Standard 2.2.8</u><br/>LAFCO will review each proposal and take actions needed to encourage timely annexations to discourage agencies from extending services by agreement without annexing to the agency.</p>   | <p>2.2.8 Not applicable. The proposal is for an annexation.</p>                        |
| <p><u>Santa Cruz LAFCO Policy 2.3 - Financially Desirable Areas</u><br/>The sole inclusion of financially desirable areas in a jurisdiction shall be avoided.</p>  |  |
| <p><u>Standard 2.3.1</u><br/>The Commission shall amend or reject any proposal that, in its estimation, appears to select principally revenue-producing properties for inclusion in a jurisdiction.</p>  | <p>2.3.1 Residential uses do not usually generate net income for a water district.</p> |
| <p><u>Santa Cruz LAFCO Policy 2.4 - Overall Effects</u><br/>The Commission shall consider the effects of a proposed action on adjacent areas, mutual social and economic interests, and on local governmental structure.</p>   |  |
| <p><u>Standard 2.4.1</u><br/>For city annexation proposal, if the city has more jobs than places for workers to live (jobs to employed residents ration greater than 1.00) then a proposal which will directly result in urban development including new permanent employment may only be approved if sufficient land is designated for residential uses in the city's general plan to create a jobs/housing balance. The Commission will consider and may grant waivers to this standard in cases where all of the following situations exist:<br/>The territory being annexed is an island of incorporated territory and consistent with the definition of "island" in Government Code Section 56375.<br/>The proposal is consistent with the spheres of influence of all affected agencies, and<br/>The proposal has been initiated by resolution of the city , which includes the subject property in its adopted sphere of influence.</p> | <p>2.4.1 Not applicable.</p>   |

POLICIES AND STANDARDS

Santa Cruz LAFCO Policy 2.5 - Rezoning

The Commission shall require rezoning for all city annexations so that the potential effects of the proposals can be evaluated by the Commission and known to the affected citizens.

Santa Cruz LAFCO Policy 3.1 - Prime Agricultural Lands

Urban growth shall be guided away from prime agricultural lands, unless such action would not promote planned, orderly, efficient development of an area.

Standard 3.1.1

A change of organization is considered to promote the planned, orderly, and efficient development of an area when:

- a) It is consistent with the spheres of influence maps and policies adopted by LAFCO for the affected agencies.
- b) It conforms to all other policies and standards contained herein.

Santa Cruz LAFCO Policy 3.2 - Infill

LAFCO shall encourage the urbanization of vacant lands and non-prime agricultural lands within an agency's jurisdiction and within an agency's sphere of influence before the urbanization of lands outside the jurisdiction and outside the spheres of influence, and shall encourage detachments of prime agricultural lands and other open space lands from cities, water districts, and sewer districts if consistent with the adopted sphere of influence of the affected agency.

FINDINGS AND DETERMINATIONS

3.1.1 The proposal is generally consistent with the sphere of influence map, the sphere policies, and all other policies and standards of this commission. See discussion of 2.2.3 concerning annexing more of the neighborhood that the two parcels proposed in the application.

|  |   |
|--|---|
| <p><u>POLICIES AND STANDARDS</u></p> <p><u>Standard 3.2.1</u><br/> The priorities for urbanization are:<br/> 1) open-space lands within existing boundaries.<br/> 2) open-space lands within an adopted sphere of influence.<br/> 3) prime agricultural lands within existing boundaries.<br/> prime agricultural lands within an adopted sphere of influence.</p> <p><u>Standard 3.2.2</u><br/> Proposals involving urbanization of prime agricultural lands within adopted spheres of influence shall not be approved unless it can be demonstrated that (a) there is insufficient land in the market area for the type of land use proposed,<br/> (b) there is no vacant land in the subject jurisdiction available for that type of use.</p> | <p><u>FINDINGS AND DETERMINATIONS</u></p> <p>3.2.1 This site is mapped under the County's resource mapping system as neither open space nor prime agricultural lands.</p> <p>3.2.2 Not applicable.</p>  |
| <p><u>Housing Goals</u><br/> Government Code Section 56668(l)</p> <p>The extent to which the proposal will affect a city or cities and the county in achieving their respective fair shares of the regional housing needs as determined by the appropriate council of governments.</p>   | <p>The proposal will not significantly affect the County's effort to achieve its fair share goals.</p>  |
| <p><u>Environmental Justice</u><br/> Government Code Section 56668(o)</p> <p>The extent to which the proposal will promote environmental justice. As used in this subdivision, "environmental justice" means the fair treatment of people of all races, cultures, and incomes with respect to the location of public facilities and the provision of public services.</p>  | <p>The median household income in the Quail Hollow-West Zayante-Hihn Road block group was \$90,000. This compares with the Santa Cruz County median household income of \$53,998. (Source: 2000 US Census)<br/> The San Lorenzo Valley Water District continues to supply all groups of people with domestic water service.</p> |
